

Leaman: Upper Mannville Oil

Significant Oil Resource on existing Point Loma Land

<p>\$</p> <p>Drill \$1.3 MM</p> <p>Completion \$1.1 MM</p>	<p>Potential IP 200-400 bbl/d</p>

- Bypass pay and oil shows indicate presence of a large unconventional oil prospect with low geologic risk
- Reservoir quality is similar to recent Wizard Lake Upper Mannville discovery
- Close to gas infrastructure and water disposal
